O beautiful for spacious skies, for amber waves of grain – for purple mountain majesties above the fruited plain! America! America! God shed his grace on thee – and crown thy good with brotherhood from sea to shining sea!

A Word from Administration....

Welcome back families and friends as we continue to make small but important strides towards increased indoor visitation and “pre-Covid” activities. We are happy to report we’ve experienced zero new Covid cases over the course of the past two months. It’s exciting to see families and friends visiting loved ones once again. This past month, Kensington at Anna Maria has opened up the dining rooms to now include breakfast, which is so encouraging. The activities departments at both buildings have added additional staff members, allowing an increase in the quality and quantity of activities offered to our residents.

Two new gazebos will soon be erected at Kensington, one in the Main courtyard and the other in the Southwest courtyard, allowing a great shady area to spend time with family. Thanks to the family of Frances Harper, the Main courtyard at Anna Maria recently underwent a renovation – new mulch and gorgeous flowers enhance a really great area to relax with your loved one (See inside for pictures of this renovation). Later this month (Sunday, 7/18, Tuesday, 7/20, and Thursday, 7/22), we will be repairing and resealing the parking lot which will create a few short-term logistic issues. Families will be notified of specifics via email; check our website as well for updates. As always, it’s an honor to have this privilege of caring for your loved one. Please contact either one of us at anytime with any questions or concerns. Enjoy the summer!

Pat Mitchell

The family enjoyed traveling, with a favorite destination being Maine!

Pat was born on June 3, 1937, to parents Bill and Mildred. She and her sister, Barbara, had a happy childhood, growing up in Cleveland, in the Miles and 114th St. area. Pat and her friends enjoyed bike riding and would spend summers cruising through Calvary Cemetery on Miles Ave; they found the old ornate gravestones fascinating. Pat attended John Adams High School, transferring to Kenston when the family moved. Though it was difficult to leave her friends behind, she adjusted well and joined the volleyball team.

Pat worked at the A & P grocery store while in high school, later finding employment at the drive-in theatre. What a great job; lots of fun and lots of cute guys, including one such Donald Mitchell. The two struck up a friendship and became man and wife in 1956. She continued working at the drive-in, while Don worked at Ohio Gas. Don would occasionally stop at the drive-in for lunch to say hi to his cutie-pie wife! Pat spent several years studying special education at Kent State. She enjoyed

her studies, but did not complete a degree. The couple remained in the Chagrin area and were blessed with four wonderful children: Donald Jr., Cindy, Jayne, and Jennifer. The family enjoyed traveling, with a favorite destination being Maine. Other fun times included taking the family dogs to Paw Paw Lake in South Russell. Pat's great-grandfather was a developer of this particular area of South Russell.

After her stint as a "domestic engineer" raising her children, Pat worked as a paraprofessional working with children with special needs, specifically cerebral palsy. She retired in 2000.

Pat makes her home now at Kensington at Anna Maria after a hospital stay and rehab. She receives lots of visits from her family which now includes seven grandchildren and 14 great-grandchildren. Her advice for the younger generation? Hang in there! You are going to have your good days and bad days, but that's life. Just take it one day at a time, and hang on!

A look at what is going on...

A Most Beautiful Transformation

Many, many thanks to Pat Holmes and her family for literally transforming the main courtyard at Anna Maria into a peaceful, serene, and most welcoming space for our residents and families to enjoy. For two full days, Pat and family members pulled weeds, sprayed, raked, mulched, and planted flowers throughout the courtyard. Pretty flowering baskets adorn the overhang and a potted plant greets everyone who has a seat at one of the patio sets. Pat is the daughter of Anna Maria South resident Frances Harper, and enjoys gardening. Quite obvious! She approached administrator Aaron Baker and asked permission to make something nice even nicer. And that she did times 10! Thank you so much Pat!

Thank you, Thank you Pat Holmes!

Goodbye – Good Luck – So Long – Adios – Ciao – Farewell

It's always hard to say goodbye especially to two dedicated and pretty awesome employees! Last week we bid farewell to Steve and Michelle Jones who are packing up and moving south to sunny Florida! Both Steve and Michelle are LPN's, with Michelle working at Kensington in the Southwest unit for over 10 years, and Steve as an MDS nurse at Anna's – definitely a win-win for all! Thank you for your years of dedication to our residents. *** A truly great co-worker is hard to find.... Difficult to part with, and impossible to forget.

Congratulations! Thanks for Your Years of Service!

Two employees celebrated milestone anniversaries last month. We are proud that so many of our employees find longevity here at the Campus of Anna Maria of Aurora. A few reasons why? Perhaps the supportive management, fair compensation, great co-workers, and career growth. Many come for the job and stay for the career. You can too! Contact HR at 330 562-6171 for more information *** Congratulations to Lisa Channell, LPN (Anna Maria North unit) and Albert Berry, HR Manager, on 20 and 15 years of service, respectively. We are proud of your commitment to our residents and families.

Aloha!

The residents at Kensington at Anna Maria celebrated “everything Hawaiian” during Hawaiian Week. Pin the coconut on the palm tree, flamingo toss, fruity drinks and pineapple, and hula lessons were all part of a very fun and tropical week. Many thanks to the wonderful activities staff for their creativity and hard work.

What a fun game!

Welcome Hargus!

We are slowly but surely allowing our great crew of volunteers, who have been sidelined this past year due to Covid, access to our buildings. They sure are a welcoming sight, appreciated by employees and most of all our residents. A therapy dog named Hargus, a furry and friendly and very large Newfoundland, will be making weekly visits every Thursday! We are so excited.

Happy Birthday Jean Kukis!

Anna Maria North resident Jean Kukis celebrated her 92nd birthday with a small gathering of family. Here she is pictured with her lovely daughter. What a great picture! May God bless you Jean with continued good health and happiness.

Pink Ladies?

Looking good Jody Rader and Sue McElroy, admissions director and coordinator, modeling the newest line of Campus of Anna Maria apparel; fleece-line black jackets with a hot pink Anna Maria / Kensington logo. You too can be a "pink lady!" Contact Joann Poremba at jporemba@annamariaofaurora.com for information on how to order one!

Polly Want a Cracker?

Kensington residents helped prepare the decorations for Hawaiian week, including painting these brightly-colored paper parrots. Aren't they wonderful? Best of all, these parrots will not "fly the coop" and will stick around for some more fun!

A look at what is going on...

Handel's Ice Cream

Scenic bus rides are back and residents could not be happier! Handel's Homemade Ice Cream in Twinsburg was the destination of one such trip. Handel's makes their ice cream fresh every day, using only the finest ingredients available. How does Banana Cream Pie or Pineapple Upside-Down Cake sound to you? Sounds pretty tasty! We will be back!

Beartown Lakes

Beartown Lakes is a small park in the Geauga County park system. Located in Chagrin Falls, it's a great place to enjoy a leisurely walk on one of the trails, or enjoy a picnic with family and friends. Residents took advantage of the latter as the park has a lovely pavilion with awesome views of the lake. While enjoying pizza and salad, the group was entertained by Bowie, our beloved therapy dog, who is a pretty good "stick-catcher." What a great way to spend a sunny afternoon.

Evan Webster, Grand Marshal, City of Aurora 4th of July Parade

Congratulations to Evan Webster! What a great day for Evan!

How Does Your Garden Grow?

“Flowers always make people better, happier, and more helpful; they are sunshine, food and medicine for the soul.” – Luther Burbank. The flower and vegetable gardens in the Grande Courtyard are doing very well, thanks to a good dose of Mother Nature (sun and rain).

Together We are Beautiful!

Squirt gun painting – not just for kids! Who says squirt guns are just for water? Fill with paint, get a blank canvas, and squirt away! That’s exactly what our residents did and had a blast doing it. What a fun outdoor activity.

A Very Generous Donation

Nancy Hobbs, a longtime volunteer who calls Bingo every Tuesday evening, recently retired from her “real” job with McGlinchey Stafford, a law firm here in Cleveland. She requested that whatever was planned for a retirement gift, a donation instead be made to Anna Maria’s activity department. Her request was granted. What a selfless act. Nancy, we so thankful for your kindness. Many fun activities will be implemented with this generous donation.

Bandana Flags

To celebrate Flag Day (June 14th), residents crafted these awesome flags made out of red, white, and blue bandanas. What a crafty group!

2020 2021 Summer Olympics

The Summer Olympics are scheduled to kick off July 23 through August 8 in Tokyo, Japan, after a year’s delay due to the coronavirus pandemic. Team USA is looking strong, fast, and just GREAT. The U.S. has won the most medals at every Summer Games since 1996, and its more than 500 athletes will try to keep that trend going. Here are some key athletes that we hope will bring home the Gold!

Swimming (Women) – Katie Ledecky – This will be Ledecky’s third Olympic games. The Maryland native, who joined her first swim team at age 6, already has earned five gold medals and a silver. She also holds the world record in six freestyle events.

Swimming (Men) – Caeleb Dressel – This Florida native holds part of nine world records. Seven are with relay teams and two his own: 100-meter butterfly and 50-meter freestyle. Caeleb took home a record eight medals at the 2019 World Aquatics Championships, breaking the record of Michael Phelps.

Gymnastics – Simone Biles – Biles already has 30 Olympic and world-champion medals. The Columbus, OH, native is the current world champion and is the most decorated gymnast in the world.

Surfing – Kolohe Andino – the son of a surfing champ, Andino spent his childhood traveling the world, splashing in the best waves, while watching the globe’s best surfers at work. His nine National Scholastic Surfing Association championships are the most ever.

Track and Field (Women) – Sydney McLaughlin - this 21 year old has never lost a race while in high school, earning her the title of Gatorade National Girls Athlete of the Year in 2016 and 2017. Watch her run like the wind in the 400-meter hurdles.

Track and Field (Men) – Noah Lyles – Noah had such severe asthma as a child that sometimes he needed to be hooked up to a breathing machine. He was also bullied in school due to ADD. Now he’s one of the fastest people in the worlds, winning gold in the 200-meter run and 4x100-meter relay at the 2019 world championships. He also holds the world record in the 300-meter run.

Wrestling – Helen Maroulis – Helen began her wrestling career at age 7 when her brother needed a practice partner. Now she is the reigning women’s Olympic gold medalist, the first in American history. In 2018, at a match in India, she suffered a concussion, leading to a post-traumatic stress disorder. She has worked hard to overcome this disorder and “go for the gold” once again.

Fun Fact!

There are four medal events new to the Summer Olympics: karate, skateboarding, surfing, and sport climbing. Baseball and softball are also back on the score sheet for the first time since 2008.
