Our new dishwasher! So excited!

Activities Asst. Jazmin Williams with new juice machine – Orange juice anyone?

The longer you have to wait for something, the more it will be appreciated! ***After a few hiccups and Covid-related delays, we are so excited about the newly-remodeled kitchen servicing the residents in our assisted and independent living areas. A ribbon-cutting ceremony was held last week to celebrate the completion of this project. The kitchen features state-of-the-art equipment like stainless steel appliances, a bread warmer, slicer and mixer, flat top griddle, huge walk-in cooler, and best of all, a dishwasher. Previously, dishes were washed and sanitized in the main kitchen located in the nursing facility. We take much pride in the quality and preparation of the food we serve to our residents and are excited about this major remodeling project. We believe it will only enhance the dining experience for our residents. Bon Appetit!

Grace Kudukis

Grace Knistautas was born on January 22, 1941, in Lithuania. Both of her parents were pilots in the Air Force. In fact, her mother was one of the first women pilots. When Grace was two years old, at the height of WWII, she and her mother fled Lithuania and escaped to Germany. Being pilots, Grace's parents would have been one of the first families to be annihilated in Lithuania. Her father stayed on as a pilot for a bit longer, then joined his family in Germany. The family remained in Germany for five years (Grace's brother was born during this time), then chose to relocate to Australia. At that time, ethnics living in Germany didn't have many choices on where to live; Australia, America, New Zealand, and New Guinea were among the countries that would accept them. The waiting period for America was too long, so they chose Australia, where they remained for 11 years. After receiving their immigration papers, they moved to America in 1960, choosing the industrial city of Cleveland, with many factory jobs available for immigrants. Grace met her future husband, Raymond Kudukis, through mutual friends. Ray just happened to be Lithuanian, which was not important to Grace at the time, but ultimately broadened her outlook, and kept the two active in the Lithuanian communities. Grace worked as a receptionist at an engineering firm for about a year before she and Ray married, settling in the Cleveland suburb of Euclid. Ray was an engineer and owned his own company, however, he was Utilities Director for the City of Cleveland during the Ralph Perk administration. Ray was a founding member of the Lithuanian American Citizens Club, and vice-president

of the World Lithuanian Community. It was around this time that Grace began her illustrious career in volunteerism, beginning as a secretary for the Great Lakes Shakespeare Festival, as president of the League of Women Voters, which she was an active member for majority of her years. Grace was on the board of the Nationalities Services Center and the community representative with the Grievance court of the Cleveland Metropolitan Housing Authority. She served on the women's committee of the Cleveland Orchestra, the board for American Civil Liberties, and on the executive committee for the Republican party. Grace was heavily involved in the political activities in America, especially during the Reagan administration. She was the main organizer/coordinator of many presidential debates. Oh, and in her spare time, Grace was a Girl Scout leader for her daughter's troop. At one point, Grace did work full-time, as the president of Belkin Kudukis Film Production Services, with the purpose to interest the filmmakers of Hollywood in Cleveland as a site for movie making. Not sure how, but life has quieted down a bit for Grace, moving to Kensington at Anna Maria in October of 2021 after a brief stay in the hospital. She enjoys the many fun activities, and is thankful to participate in rosary and communion. Grace has made many friends, and is a delight to all who cross her path. Words of wisdom from Grace? Please consider how fortunate you are to live in this wonderful country of America. Love and respect the freedom in which you live. May God continue to bless Grace Kudukis with good health and happiness always.

Slotted Spoons Don't Hold Much Soup...

The Campus of Anna Maria holds various fundraisers throughout the year to raise funds for the Alzheimer's Association. Last year, we raised over \$20,000.00, and so far, our 2022 fundraising efforts are off to a great start, beginning with our soup cook-off and employee bingo, raising over \$350.00. Many employees took the time to prepare a most delicious pot of soup, and we are so appreciative. Though all the soups were tasty, these six soups were ultimately the favorite of our taste testers. And the 1st, 2nd, and 3rd place winners are (drumroll please)...

Beads and Bling.... It's a Mardi Gras Thing....

King cake, beads, music, and fun. Oh, and a bit of crafting as well. Residents enjoyed all the fun festivities involved with Mardi Gras, the French term for Fat Tuesday. Here in Cleveland, we have yet another name for this day before the Lenten season begins – Paczki Day! A paczki is a most delicious, deep-fried donut filled with jelly or cream. What is your favorite flavor?

Congratulations Heather Wolf, RN

Congratulations to Heather Wolf, an RN at Kensington at Anna Maria, on achieving 10 years of dedicated service. Heather was an STNA for many years while attending nursing school, graduating last year. We are so proud of her! She works day shift on the Southwest unit. Heather was a bit shy about a picture, however, we do have a photo of her most delicious cake (from Raised and Glazed Donuts in Bainbridge).

2-22-22

According to numerologist Jasmine Wolf, the meaning of the date 2/22/22 is about connections and coming together. Because of the date's repeating numbers, it's considered an angel number, or a number bearing a particular energy or universal message. At Kensington, employees "came together" while enjoying good food – Walking Tacos on a Taco Twosday! Many thanks to the dietary and activities staff for their hard work in pulling this all together for everyone to enjoy!

What a great spread of delicious food!

Here We Come a Crafting....

Next to Bingo, crafting is a most favorite activity amongst our residents. Do they know something we don't? Could spring be right around the corner? These pretty flowers sure do remind us of spring! As well, with the Irish holiday right around the corner, a little bit of St. Patrick's Day crafting kept us busy.

Residents were treated to lots of fun activities throughout the day as well as festive food and drink, including lobster tail for dinner.

B-I-N-G-O

Since our residents enjoy Bingo so much, we figured why not host a Bingo night for our employees and raise money for the Alzheimer's Association? Our first ever employee bingo was a success in every way imaginable - how could it not be when you mix in fun, food, and prizes? We raised \$157.00 for the Alzheimer's Association. Many thanks to Michele Coble (activities) for coordinating the event and being our Bingo Caller. She did a great job! Thanks, too, to those employees who participated.

Assisted / Independent Living

A look at what is going on...

Music Therapy

We are so thrilled that music therapy is back again with Ellen from the Groovy Garfoose. So many of our activities are slowly but surely returning with lifting Covid restrictions, and this is one we are most excited about. Music therapy is an evidence-based therapy that helps with a variety of disorders including cardiac conditions, depression, and Alzheimer's disease. The pictures speak words as to how much our residents enjoy it (sshhh, they just think it's fun!)

President's Day Fun

What does one do on President's Day? Learn some interesting facts about our past presidents, participate in trivia, and color pictures. Coloring helps reduce stress and anxiety, so it's a perfect activity at the end of the day!

Eve D. – great picture!

Dance Fitness

Who says you can't have as much fun dancing in your chair as you can on your own two feet? Just ask this group of energetic ladies who LOVE weekly dance fitness, led by AL/IL Activities Director Lisa McFarland! Every week the group grows because it's so much fun!

Happy Hour

Residents enjoyed the music of Ron Papaleo, one of our favorite entertainers. A full house always when Ron performs!

Happy Birthday Tom Parisi!

Assisted living resident Tom celebrated his 91st birthday with visits from family, and a most delicious cake (which he shared with his caretakers and friends). Here's to many more years of happiness and good health!

What? All this cake for me??

Icicles

Nature's winter ornaments sure are beautiful. An icicle is a spike of ice formed when water dripping from an object (in this case, a rain gutter) freezes. Thanks to Lisa McFarland (AL/IL Activities) for this awesome picture!

Who Loves the Snow?

Bowie, our in-house therapy dog sure does!

Looking Good Joe!

Joe Vrona, one of our awesome assisted living residents, tends to be a bit on the more serious side, however, here is another side of Joe we catch glimpses of at times. We love our Joe!

March is

Named for Mars, the Roman god of war. This was the time of year to resume military campaigns that had been interrupted by winter

The beginning of Maple Sugaring Weather. As spring nears, the sap in sugar maple trees thaws and the sugar in the sap rises up the tree. Cold nights are best for “sugarers” so we may have a good harvest this year

National Nutrition and Fitness Month. Snack well, get 8 hours of beauty sleep, and try to get 10,000 steps in a day!

Calendar

March 1 – Mardi Gras! Ready your feathered face mask, keep an eye out for flying beads, and prep that decadent king cake as Mardi Gras is here! Mardi Gras translates to “Fat Tuesday” in French, reflecting the practice of gorging oneself on sweets and rich and fatty foods ahead of Lent, the 40 day-long fasting period that follows in the days leading up to Easter

March 2 – Dr. Seuss’ Birthday! Each year, National Read Across America Day is celebrated on March 2nd, the birthday of Dr. Seuss. What is your favorite Dr. Seuss book?

March 13 – Daylight Savings Time begins at 2am. Spring forward (and lose an hour of sleep)

March 13 (through April 4) – March Madness begins with “Selection Sunday” with the announcement of the 68 tournament teams

March 14 – Pi Day! This is an annual celebration of the mathematical constant π . So what does one do on Pi Day? Enjoy pie of course. How about a slice of banana cream pie as March 2 is National Banana Cream Pie Day?

March 17 – Happy St. Patrick’s Day! Wear green and enjoy a delicious corned beef sandwich and perhaps a Shamrock shake. Did you know that Slyman’s Deli on St. Clair in Cleveland will serve more than one TON (2,000 pounds) of corned beef on this day? Wow! – Good news! The Cleveland St. Patrick’s Day parade is back ON after a two-year hiatus due to Covid

March 20– Spring has sprung! Spring officially arrives; we’ll see if the weather cooperates. Shake off the cold and get ready for daffodils, robins, mud, and fresh air!

ST. PATRICK'S DAY FACTS & TRIVIA!

Everyone is Irish on St. Patrick's Day! Here's a bit of interesting information about this “green” holiday as well as some “green” trivia.

Shamrocks are leafy green clovers found in patches across the countryside. They are the official symbol of Ireland. As we know, 4-leaf clovers are considered good luck! The Guinness World Records holder for the highest number of leaves on a clover is 56.

The first St. Patrick's Day parade took place in New York in 1762.

Lucky Charms cereal (they are magically delicious) was introduced in 1963. What is your favorite marshmallow? The unicorn is the newest, replacing the hourglass.

Thousands of tourists visit one of Ireland's most popular attractions - the Blarney Stone at Blarney Castle. According to legend, the massive block of bluestone give the “gift of gab” to all those who kiss it. *** After a two year hiatus due to Covid, the kissing of the stone resumes this week! Stone will be sanitized between “kisses.”
