Dolores Stratton

Dolores "Dee" Jarmush was born in Cleveland on June 17th, 1933 to William and Malverna Jarmush. Dee had a sister that was three years older than she, Elaine. Dee had a difficult childhood, as she was diagnosed with Epilepsy at an early age. Due to her many seizures she was given a medical discharge from school in the 10th grade. At the age of 20, her sister Elaine got married and moved out of her parent's house. Over the years Elaine and her husband had three beautiful children, Debbie, Darrell & Kim. (Years later, after her first husband passed away, Elaine remarried and had another son, Charles.) To make extra money, Elaine and her husband worked at a tavern on the weekends, Elaine as a waitress and her husband was a drummer in a band (Duo-Drummer and Base). So, every weekend their children would go to their grandparent's house. The extended family was very close. Dee was instrumental in the lives of her nieces and nephew from a very early age.

Dee's nieces and nephews shared the following stories they recall fondly growing up with Auntie: They would draw a picture on her back, with their fingers, and she would guess what they were drawing. Saturday night was Boston Cooler night so they would sit on the glider, enjoying their ice cream. They would hold mosquito chasers to see who could make the longest ash. They recall getting great Christmas and birthday gifts from Auntie, that were cherished for many years. Thanksgiving and Christmas dinners were always special. Mom, Elaine would always make the Turkey and Dee would carve it. She would always slip the kids a few pieces of turkey before the meal, because they just couldn't wait! She was always there to teach and encourage the children.

At the age of 28, Dee's life changed! The doctors were introduced to a new drug that would control her seizures. She got out more and started dating. Early in her 30s she was bowling with some friends where she met Raymond Stratton. They dated for a few years and at the age of 35, Dee and Ray were married on April 12th, 1969. A year later Dee gave birth to a baby girl named Dawn Marie. Sadly, Dawn Marie was born with Down Syndrome and after 7 very happy months as a family, she passed away. It was a very difficult time for Ray and Dee, but together they got through it. A year later, through their church, they were blessed with a wonderful, three-month old baby girl that they adopted. They named her Jill. She currently lives in San Diego, California.

Dolores worked odd jobs while raising Jill, as well as keeping up on the housework and her life as a wife. Ray worked as an inspector for Alcoa. She fondly recalls their favorite vacation. It was a trip to Disneyland in California. Dee's extended family and Ray's large family played a very big role in both their lives. She is still extremely close with her nieces and nephews.

Her nephew Darrell added the following about his Auntie Dee: "Auntie has always been a very strong mental person and accepts life in a delightful sense as her faith paves her way. We owe Auntie so much for her love and nurturing, it makes it especially pleasing to attend to her needs and return our love to her. She is the matriarch of our family and we strive to include her in all family gettogether's. She is a great conversationalist, humorous and tough as nails." And her nieces added. "She is an avid churchgoer; patient to a fault; always kind; never wants to bother anyone; sweet, funny and very open-minded. She donated to almost every cause. They also mentioned that she would always try to pick up the bill at a restaurant, even when they intended to treat her!"

Dolores and her best friend of 18 years, Cynthia, still get-together on a regular basis and still talk often on the phone. They met in Maple Heights where Dolores lived for over 40 years before moving into Anna Maria. Her family and the staff at Anna Maria agree that at 90 years old she's still as sweet, caring, generous and witty as she has always been!

DID YOU KNOW?

- The name for the month of October originates from the Latin word "octo", which means "eight". In the Roman calendar, October was the eighth month of the year. When January and February were added to the calendar after the Julian calendar reform, October became the tenth month of the year as we know it now.
- Halloween is celebrated in a number of countries on October 31, the eve of All Hallows' Day. On this day, it is believed that spirits can wander the earth freely. People tend to take this opportunity to disguise themselves in various costumes.
- The birthstones for October are the tourmaline and the opal. Tourmalines are believed to help you stay calm while under pressure, bring peace and tranquility, and defeat negative emotions like jealousy and anger. On the other hand, opal gemstones are believed to cure eye infections, strengthen memory, calm nerves, and enhance creativity
- The traditional flower of October is the calendula it symbolises comfort, healing, protection, and grace.
